

Manual network selection

Manually choose a different network

Steps for iPhone

1. Go to Cellular

Open the Settings app and tap "Cellular".

2. Select your eSIM

Tap your eSIM in the SIM cards list.

3. Go to Network Selection

Tap "Network Selection" in the eSIM settings.

4. Turn off Automatic

Toggle "Automatic" off. A list of available networks will appear.

5. Choose a network

Select the network you want to connect to. You can only connect to networks supported by your eSIM provider.

Steps for Android

1. Open Settings

Go to Settings > "Connections" or "Network & internet".

2. Go to Mobile networks

Tap "Mobile networks" and select your eSIM if you have multiple SIMs.

3. Tap Network operators

Tap "Network operators" or "Network providers".

4. Turn off automatic

Turn off "Select automatically". Your phone will now search for available networks.

5. Choose a network

Select the network you want to connect to.

Good to know

APN (access point): data.esim, leave username and password empty.
